

# CO-LEARNING CONSORTIUM

Join our vibrant community of learners, leaders, and organizational changemakers dedicated to dynamic, boundary-breaking co-learning. Our consortium brings together diverse perspectives from across industries, sectors, disciplines, and generations to understand and advance the best science and practice to design and sustain effective, resilient, thriving organizations.

## Our Co-Learning Community

Our co-learning community includes industry leaders, scholars, community changemakers, and students at all levels. We welcome anyone interested in contributing to a vibrant ecosystem of knowledge and practice dedicated to elevating people and organizations in the face of the world's most pressing needs. We are dedicated to community building and co-learning that deliberately, energetically, and powerfully transcends generational divides, brings disciplinary knowledge into conversation with real work demands, and advances the collective capacity of our members and their organizations to create forms of excellence that unlock greater passion, energy, connection, and purpose that spread far beyond our doors.

## CENTER FOR POSITIVE ORGANIZATIONS

The Center for Positive Organizations is a leading global home for research on designing and sustaining thriving organizations. With over **20 years of impact**, we have cultivated deep relationships with a global community of over 800 scholars who are at the forefront of knowledge and ideas that help design and sustain organizations that thrive.

We turn research into action. By blending academic insights with practical application, we empower our members to experiment, innovate, and implement effective strategies. Our hands-on learning experiences build deeper knowledge, new skills, and actionable insights tailored to real-world challenges.

## Why Join our Co-Learning Consortium?

- 1. Connect with Thought Leaders** Join a diverse network of scholars, business leaders, non-profit professionals, consultants, students, and alumni. Engage in rich dialogues and collaborations as we work together to translate research to action and implement practices that fuel thriving organizations.
- 2. Drive Impact** Leverage our resources, expertise, and network to amplify your impact. Whether you aim to innovate within your organization or contribute to societal well-being, we provide the tools and support you need.
- 3. Advance Your Knowledge** Attend exclusive co-learning events designed to bridge the scholar-practitioner divide, gain access to the latest academic findings and practical applications, and engage in learning experiences that immerse you in experimenting and acting.
- 4. Foster Innovation** Our consortium thrives on multidisciplinary, multigenerational collaboration, fostering an environment where creative solutions flourish. Deepen your knowledge of the science of thriving organizations, experiment with new skills, try out structured experiments, and develop new insights.
- 5. Grow Professionally** Learn from both academic experts and member knowledge sharing. Develop the knowledge, skills, and tools needed to lead and excel in creating extraordinary organizational well-being.

## Membership Opportunities

**Annual Co-Learning Forum** Experience a lively, interactive, highly engaging exploration of a pressing grand challenge of our time together with our multidisciplinary, cross-sector, intergenerational community of scholars, researchers, leaders, peers, and current students. [in-person, full-day event]

**Quarterly Co-Learning Studios** Explore a current topic in the science of thriving organizations. [online, two-hour events]

**Exclusive Ask-Me-Anything Sessions** Engage with leading global experts in the field of Positive Organizational Scholarship and offer small-group inquiry on the most important topics in the science of thriving organizations. [online, several times per year]

**Occasional Small Group Roundtables** Investigate emerging topics of interest while allowing members to build relationships, learn more about one another, and engage in dialogue about the applications of research in different types of organizations.

**Early Invitations to Special Events** Register to attend events hosted by the Center for Positive Organizations, including discounted registration for the annual Positive Business Conference and the Positive Leader course offered by Michigan Ross Executive Education.

## Membership Options

### Individual Membership \$1,500 annually

An individual membership type entitles one person to attend all co-learning community events and take advantage of all member benefits.

### Organization or Group Membership \$5,000 annually

This membership type entitles organizations to invite as many of their organizational members as possible to participate in all co-learning community events. Broad participation across an organization makes it more likely that our member organizations can design and sustain the types of change that foster thriving in their systems over the long term.

*University of Michigan Student Scholarships and Community Scholarships are available. Please contact [cpo-consortium@umich.edu](mailto:cpo-consortium@umich.edu) to inquire about a scholarship.*
